

To Whom it May Concern at the FCC,
I would like you to know that I greatly benefit from listening to XM Satellite Radio and its traffic and weather channels. Satellite radio provides variety and quality that are not available to me elsewhere. I pay for these services and beleive it should not be up to the National Association of Broadcasters to dictate what I am permitted to hear. I respectfully urge the FCC to reject the NAB's petition 04-160 and support XM's ability to provide the kind of programming that I deserve.
Most respectfully,
Wyatt Landesmann
